## **Not All Organisms Grow The Same Way**

| Like Parent | Not Like Parent |
|-------------|-----------------|
|             |                 |
|             |                 |
|             |                 |
|             |                 |
|             |                 |
|             |                 |
